

TECHNICAL CHARACTERISTICS

• Power supply	24VAC
• Power	3W
• Intermittence	50%
• Working temperature	-15°C a +55°C
• Protection degree	IP54
• Construction material	ABS Polycarbonate
• Luminosity	280LM MAX
• Color of light emitted by the LEDs	RGB Multicolor

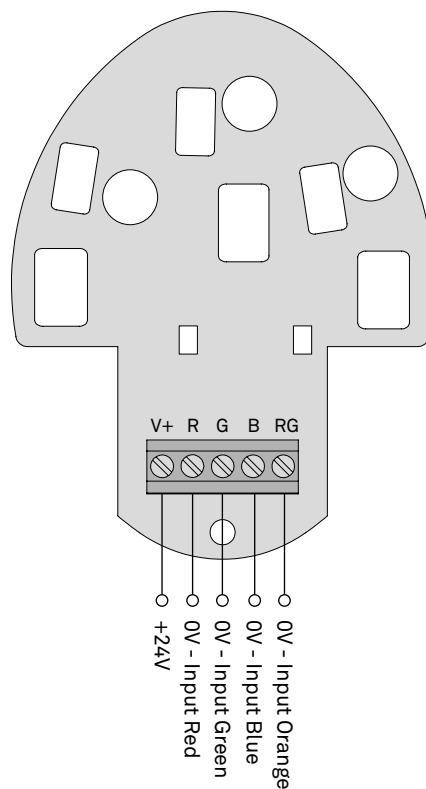

- Lighting by RGB LEDs, with the possibility of emission of 4 different colors.
- Intermittent operation mode.
- Translucent polycarbonate orange cover to show yellow lighting.
